

# Turning Point

The Official of WorldWideWoodturners.Org

## What are you gonna do in '22

It's that time of the year when we consider our next steps in our Woodturning journey. Several of us have to live with our New Year's Resolutions, and other decided to "wing it" and create some targets to hit.

Our club is quite different than others. We have a very varied base of membership, and I mean varied. Our members can cover woodturning from "soup to nuts", and then some.

In 2022 we are going to plan out some fun, some training and projects to cover all those bases. We solicit your input, ideas, comments or negative feelings about "What are you gonna' do in '22".

Let's have a good year for us and the woodturning community. Come on, afterall, we are woodturners!

## January 2022

*Tres Lennep with a collection of wigstands developed for those suffering from cancer.*

*An ornamented vase developed for a friend's fund raiser. He was fighting cancer.*

## *Design to the Max*

*Design is a talent you are born with. Everybody's attitude on design differs, this is what makes art great. At WWW, you can learn the techniques to complete designs such as the items shown. However, you can submit your art for presentation, not review or comment.*

## *Box it Up*

*Boxes for just about anything and everything. One of our members created this box with a snowman perched on the top.*

## *Freedom Pens*

A program where you turn pens, send them to our distributors and they get handed to active members of our military. We cover all bases, with pens going to all branches of the military, thanking them for protecting our freedom.

## *Member's Gallery*

Photos shown in this newsletter were provided by some of World's Greatest Woodturners.

If you would like to be included, send your photographs to:  
[worldwidewoodturners@gmail.com](mailto:worldwidewoodturners@gmail.com)

We will accept multiple views of the same project.
