The Monthly Newsletter of WorldWideWoodturners.org

June 2023

From the *Home Office*:

The photographs shown in this newsletter were provided to Worldwidewoodturners by our members. We don't have restrictions, limitations, or rules. You don't have to be anybody other than, in your heart, the *World's Greatest Turner*. We will never critique your work, or speak ill of what you have created. Your work comes from your lathe, hands and heart. Please send us photos of your work for inclusion in this publication. And also, feel free to share this with the entire world. (Photos placed on WorldWidewoodturners' **facebook** page will always be included)

- *Please pardon any errors in names of turners. We do our best in giving credit to the artists.*
